Our Firm

KOM-LINKS NIGERIA LIMITED a multi-discipline Engineering Firm with over three decades in the Design, Supervision and Construction in Nigeria AEC Industry. We are national player in the AEC industry in Nigeria with spread and records of excellent service deliveries and performance across the country.

Ours is a trustworthy brand with excellent reputation as Civil, Mechanical, Petroleum and Water Engineering Consulting and Contract Management

KOM-LINKS NIGERIA LIMITED, though a privately owned business. The company also derives its strength and dynamism from an experienced, stable, visionary management team consisting of industrious professionals, seasoned engineers, trained and skilled workforce who have brought their complementary skills to bear in shaping a stable and reputable construction firm; and on the future direction of the company.

We are registered with various government ministries, departments , agencies and institutions and are in collaboration with some local and foreign technical partners.

Our Values

We are a company with amazing values. We pursue business excellence in ways that create superior value to our clients by redefining service standards.

Our management place premium on promoting the core values of leadership, relationship, integrity, corporate fairness, possibility, transparency and accountability all of which impacted greatly on our soaring reputation in the Construction industry and remarkable contribution to the development of the country.
